MEMORANDUM FOR: Deputy Director of Central Intelligence

FROM: Herbert E. Hetu  
Director of Public Affairs

SUBJECT: Request by Wilkes-Barre/Scranton  
Television Station for a TV Profile

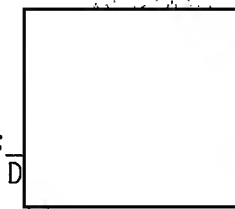

1. My office has received a request from the Panola News Service (a small Washington-based television organization which provides tailored TV service to small stations) to interview you for station WBRE-TV in the Wilkes-Barre/Scranton area. The Pennsylvania station is looking for a general feature on you and your job. Panola could come to your office to do the interview but would prefer to do it in the television studio in the Rayburn House Office Building. If you agree to the interview we could arrange it the next time you go up to the Hill.

2. The request itself seems harmless enough and is probably tied to your popularity in the Scranton area. However, it will also probably be used in connection with rumors about your running for Congress. In any case, I can see no harm in your granting the interview.
